- (1) Subject to sufficient funding, the Cabinet for Health and Family Services and the Justice and Public Safety Cabinet, in consultation with any other state agency as appropriate, shall develop and implement the Homelessness Prevention Project, which offers institutional discharge planning on a voluntary basis to:
  - (a) Persons with serious mental illness, persons between the ages of eighteen (18) and twenty-five (25) who may be at risk of developing serious mental illness who are being released from a mental health facility operated or contracted by the cabinet, or persons with a history of multiple utilizations of health care, mental health care, or judicial systems;

  - (b) Subject to sufficient funding as provided by an executive branch budget bill, the Division of Behavioral Health shall select the Homelessness Prevention Project sites. These sites shall be in addition to and integrated with the site located in and serving Jefferson County and the site located in a community mental health center serving Clinton, Cumberland, McCreary, and Wayne Counties.
  - (c) Within thirty (30) days of July 15, 2016, the cabinets shall supply the project director at each site with the collection of information on available employment, social, housing, educational, medical, mental health, and other community services in the county. The information shall include but not be limited to the service area of each public and private provider of services, the capacity of each provider to render services to persons served by the project, the fees of each provider, contact names and telephone numbers for each provider, and an emergency contact for each provider.
  - (d) Within thirty (30) days of July 15, 2016, the cabinets and directors shall begin a program of education for each of the cabinet and foster home and

mental health and appropriate state-operated prison facility staff who will participate in the development of a discharge plan for volunteer participants under this section.

- (3) The project shall operate on a voluntary basis. Persons eligible for discharge or completing their sentence or who are being paroled from any state-operated prison shall be offered the opportunity to participate in the project. This offer shall be made at least six (6) months prior to discharge. There shall be a cap on the number of persons served in each Homelessness Prevention Project office, to be determined by available funding and staffing requirements.
  - (a) The staff member designated as the homelessness prevention coordinator for each foster home or mental health facility shall maintain a file for each volunteer participant in the foster home or mental health facility, relating to the participant's employment, social, housing, educational, medical, and mental health needs. This file shall be updated from time to time as appropriate and pursuant to an administrative regulation promulgated by the cabinet in accordance with KRS Chapter 13A that establishes standards for the discharge summary. The staff member designated as the homelessness prevention coordinator for the appropriate state-operated prison participating in the project shall maintain a file containing appropriate forms completed and updated by each person voluntarily participating in the project, relating to the information provided under subsection (6) of this section. All applicable privacy and confidentiality laws shall be followed in assembling and maintaining this file.
  - (b) Six (6) months prior to the expected date of discharge, the discharge coordinator for each foster home and mental health and state-operated prison facility shall contact the homelessness prevention director for the appropriate site where the volunteer participant chooses to locate following discharge about the pending release of the volunteer participant who is eligible for discharge from a foster home or mental health facility, who will have served out his or her sentence in a state-operated prison facility, or who is being paroled from any state-operated prison that is participating in the project. The director shall visit the home or facility, as appropriate, to assist with the preparation of the final comprehensive discharge plan.
  - (c) The homelessness prevention director from the site where the participant chooses to locate and the discharge coordinator for each participating foster home and mental health and state-operated prison facility shall work together to develop a final comprehensive discharge plan that addresses the employment, health care, educational, housing, and other needs of the person to be released, subject to the consent of the person and the funding and staffing capabilities of the director. Information provided by the coordinator may include and be limited to, subject to the staffing and funding capabilities of the coordinator, information provided by the person to be released on a form or forms made available by the foster home or mental health or state-operated prison facility. The discharge plan shall contain but not be limited to the following:

6. Other available funding and public programs that may reimburse any services obtained from a provider listed in the discharge plan. Every effort shall be made in the discharge plan to refer the person to a provider that has agreed to an arranged public or private funding arrangement.

No discharge plan shall be completed unless the written consent, consistent with state and federal privacy laws, to compile the information and prepare the plan has been given by the person eligible for release who has volunteered to participate in the project.

Priority for membership on the advisory council shall be given to existing resources and regional mental health and substance abuse advisory councils at the discretion of the director.
- (9) Each cabinet shall collect data about the discharge plans, referrals, costs of services, and rate of recidivism related to the homelessness prevention project, and shall submit an annual report to the Governor and the Legislative Research Commission no later than October 1 that summarizes the data and contains recommendations for the improvement of the project.
